

Lubrimaxx March Special!!

We are introducing a new product line [GLOBALMAX PLUS](#):

GLOBALMAX PLUS 15W40 API CI-4+/SL has been formulated specifically to meet the requirements of US, European and Japanese design emission engines including those engines which incorporate exhaust gas recycling (EGR) to provide fuel efficiency, high wear protection and long drain capability. EGR can add to deposits forming in the combustion chamber, and therefore Globalmax Plus' low sulphated ash content assists in maintaining engine and injector cleanliness. Globalmax Plus is recommended for high speed, turbocharged four stroke engines, in particular all emission design engines. Globalmax plus has improved soot handling ability and resistance to viscosity shear down when compared to standard Globalmax.

Buy 1 drum at our competitive trade price of \$762.60 + GST

Purchase more than 1 drum and get these special added benefits.

Buy 2 drums and get 20litres of Red Stuff degreaser valued at over \$60.00
